The Supreme All-Talking Drama of the Air
"FLIGHT"

Featuring
Jack Holt - Lila Lee - Ralph Graves

So don't walk—don't ride—just fly to "Flight." It's a picture you must see—yes, it's one of the better pictures of the year—a real good entertainment. Planes swooping, roaring, diving—beautiful and thrilling. You'll like the picture—you'll love the actors—and you'll enjoy the story. It's truly a sensational romance and thrill triumph. Remember, it's a thrill picture such as you get once in a lifetime, so don't miss it!

BLAIRMORE "BEARCATS" PROVINCIAL CHAMPIONS

By defeating Edmonton Superior in one of the keenest contests ever witnessed in hockey in Alberta, Blaimore rose to the senior hockey championship on Friday night at Calgary, when the game was witnessed by upwards of 5000 fans.

This is the first time since 1924 that Blaimore seniors were declared champions.

The game at Edmonton on Wednesday night was played on the small Varsity rink and was witnessed by upwards of 3700 people. Owing to the small size of the arena, it is estimated that at least 1000 were turned away. The game was fast, the ice being excellent and the boys of both teams in good trim. Blaimore held the lead till the last 35 seconds of the game, when a score of 4-2 was upset into a four-all, necessitating overtime. After three minutes of overtime failed to break the deadlock, and the announcement was made that the third game would be played on Calgary ice on Friday night.

At Calgary, the boys viewed the ice at about 4.30 p.m., and stated it was then in good condition, but on arriving at 7.15 they found the sheet covered by about half an inch of water, the ice man having just an hour previous flooded the rink, and that at a time when there was not the slightest sign of frost. However, in spite of this and other obstacles placed in the way of the Blaimore Bearcats (not forgetting "King" Kelly), they waded through to victory to the pleasure of easily 4900 of the 5100 fans.

The score, at Calgary was 1-0. Blaimore notching the winner in the last few minutes of the game.

Blaimore entrained for Trail on Monday morning, and on Tuesday their encounter with the Spokane Braves. The Bearcats were defeated in a two-game Allan Cup series at Trail on Tuesday and Wednesday nights of this week. The boys will arrive home tonight, accompanied by the Trail Smoke Eaters, who are proceeding to meet the Saskatchewan champions.

Blaimore's lineup at Blaimore, Edmonton and Calgary was as follows:

D. Kemp, goal; H. Manson and W. Johnson, defence; F. McKay, J. Dickson, A. Vejprava, J. Kemp, J. McVey and J. Oakes, forwards.

The Edmonton lineup were: Stuart zool; Smith and Faulder, defence; Graham, Walker, Crossland, Gillies, Greenless and Bullard, forwards.

BLAIRMORE DAY SCHOOL ORCHESTRA

In an endeavor to raise the sum of \$25.00, which will be the maximum amount required this year to finance the newly organized Blaimore Day School Orchestra under the leadership of Mr. J. E. Upton, the following persons readily responded and donated \$16.00 each to make up the above amount:

Johnny Jenkins, L. L. Morgan, W. Goldard, M. H. Congdon, H. Blake, E. Royle, Joe McDougall, J. R. McLeod, Moses Johnson, A. E. Ferguson, H. Pinkney, L. P. Robert, Blaimore A. P. Police, Mr. D. Macpherson, Mrs. Fleming, Misses Cos, Frye, Tompkins, Brunetto, Warner, Pozzi, McVey, Fisher, Sloanaker, Valatko.

The latter twelve persons comprise the teachers of the Blaimore schools. Mr. Johnson is the treasurer for the above orchestra.

The town of Grand Bank, on the Burin peninsula of Newfoundland which a few months ago suffered seriously from a tidal wave, has again been stricken, this time by fire, which did damage estimated at a quarter of a million dollars, with insurance around \$53,000.

A REAL TREAT COMING TO BLAIRMORE

Blaimore is fortunate in being included in the itinerary of the second Canadian tour of the Imperial Welsh Singers. They will appear at the opera house here on Wednesday night of next week, in an elaborate programme presented by some of the ablest vocal and instrumental talent ever produced by Wales. Their repertoire is one of unusual excellence that has brought highly appreciative response wherever presented. The programme in part will be as follows:

Part I—"Men of Harlech," "A Farewell," Welsh Singers; solo, "There's a Land," Elwyn Edwards; "Ye Banks and Braes," "Boys of the Old Brigade," Welsh Singers; duet, "Watchman, What of the Night," Jabez Trevor and Howell Williams; "Carry me Back to Old Virginia," Welsh Singers; solo, "Toreador," Henry A. Jones; "Cuckoo Dear," "Killarney," Welsh Singers.

Part II—"By Babylon's Wave," Welsh Singers; solo, "My Little Welsh Home," Harry Williams; "Lost Chord," Welsh Singers; "The Mighty Deep," Jack Mewbray; cradle song, "Sleep, O Little Lady, Sleep," Welsh Singers; National Anthem.

Referring to the programme as rendered a few nights ago at Taber, a press report states: "To attempt description of the excellence of the programme is futile. Brilliance marked the chorus work and conducting, while Elwyn Edwards, youngest member at 17 years, made a decided hit in his number. The duet by Messrs. Trevor and Howell Williams, was a wonder in range and sustained volume, while Messrs. Jones and Harry Williams went home to the hearts of the audience in their sentimental numbers. Probably the most striking solo number at least was that of Jack Mewbray, whose deep bass aroused chorus of admiration in 'The Mighty Deep.' Mr. Davies was distinctly the centre of the chorus, to whom all effort tended, and at the least gesture here was immediate response, piano or vocalist."

None should miss this opportunity of hearing one of the foremost musical aggregations of the present day.

CARD OF THANKS

The Blaimore Juvenile Hockey Club desire through The Enterprise to thank the following for contributions that helped them go through in to the provincial play-offs: Town of Blaimore \$50.00, G. A. Visac \$25.00, F. M. Thompson Co. \$5.00, Mark Sartoris \$3.00, Dr. R. K. Little \$3.00, Blaimore Pharmacy \$3.00, Sartoris & Bielli \$4.00, P. Colombo \$3.00, R. Rindall \$4.00, W. A. Beebe \$3.00, J. A. Kerr \$2.00, A. Friend \$2.00, Gillis & Lynch-Staunton \$2.00, Red Trail Motors \$2.00, L. L. Morgan \$5.00, B. P. O. Elks \$15.00, Cosmopolitan Hotel \$3.00, B.E.S.L. No. 7 \$5.00, P. Charndon \$1.00, Blaimore Exchange \$1.00. Total \$141.00.

A CALGARY PROPHECY

That Blaimore team looks to have the Alberta championship all tucked away right now. Unless last night's performance was a flash in the pan, and it sure didn't look like it, Trail will have to be better than last year to keep Blaimore from going further in the Allan cup playdowns.

FOR RENT OR SALE—Four-roomed house, with bath, pantry, scullery, good garden and chicken run. Water piped in. Also two-roomed shack, suitable for two bachelors. Apply to W. Harrison, 9th Avenue. [Feb. 27-3]

A hard time dance will be held in the Italian hall at Coleman on the night of Tuesday, April 1st. Altermatt orchestra.

WORLD HAPPENINGS BRIEFLY TOLD

The Alberta provincial police will continue to enforce law and order in the province, and their duties will not be taken over by the Royal Canadian Mounted Police.

St. George Badgerow, native of Toronto, famous specialist in ear, nose and throat disease was invested a Commander of the Victorian Order by His Majesty, King George, at a Royal Investiture.

Defeat of a government measure should not entail the resignation of the government, unless followed by a vote of want of confidence. This proposal is advocated in a resolution in the Federal House, sponsored by Robert Gardner, U.A. leader.

Contrary to international law, Germany is reported to have shipped large quantities of poison gas to China for use by forces of President Chiang Kai-Shek. Chinese Chamber of Commerce has protested to the German consul-general at Shanghai.

If all members of parliament had their tonsils removed their tempers would be much improved. Miss Agnes MacPhail, only woman member of the House, found it so in her case and urges her fellow members to do likewise.

A total of 430,636 pounds of mail was carried over Canada's 20 air mail routes during 1929, at a cost to the country of \$474,071. Highest route was between New York and Sioux Lookout, Ont., where 83,406 lbs. were carried.

For the first time since his recovery from his serious illness of a year ago, the King held an investiture in the Throne-Room of Buckingham Palace. More than 100 recipients of honors in the new year's list received the insignia of their orders and their decorations.

Carelessly Addressed Letters

Costs Post Office Department Half Million Dollars Yearly

The Post Office Department incurs an expense every year of about half a million dollars in giving a special directory service to some millions of pieces of mail which are carelessly addressed. This in spite of repeated warnings to the public asking that patrons take care in wrapping and addressing mail. It is now suggested that the Department make it compulsory to place a return address on all letters and parcels. Since in the final analysis the financial burden of the carelessness of some people falls upon the taxpayer it would seem only fair that all be required to abide by a certain standard of carelessness.

Industrial Growth Of Manitoba

Building extensions and industrial growth in Winnipeg and the Province of Manitoba for 1929 hold promise of a record year. Already permits for two buildings total over \$600,000, while there are quite a large number of permits in the \$100,000 class.

Retains Lead in Passenger Traffic

Canard and Associated Lines' Atlantic Bookings in 1929 Were 265,734

For the seventh consecutive year the Canard and Associated Lines carried, during 1929, a larger number of passengers across the Atlantic than any other steamship line or group of lines, according to a statement made by Arthur Randless, general passenger manager for Canada of the Canard and Anchor-Donaldson lines.

Statistics of the passenger traffic for last year revealed the fact that Canard and its Associated Lines carried a total of 265,734 passengers on their regular transatlantic sailings.

Of this large number a total of 65,410 passengers were carried by the Canard service liners, 20,097 on Anchor-Donaldson steamers, and 45,413 on Canard Canadian service liners.

Of the total carried by his lines, the Canard Line accounted for 208,185, and the Anchor Line, 45,311, said Mr. Randless. "Not included in these figures are 5,232 carried on Canard Cruises, 11,264 in the Canard Havanna service for 1929; also 1,959 on the Anchor Line cruises, and several smaller categories, which raise the grand total of all passengers carried to 286,197. This total incidentally represented an aggregate increase of 17,630 over the 269,167 carried in 1928."

"A survey of the travel prospects in our various departments, first-class, second-class, cabin, tourist third-class, and third-cabin, leads us to the conclusion that in the present state of booking is maintained through spring and summer, the Canard Line and its Associated Lines will experience a good year," Mr. Randless stated.

Edmonton Spring Show

Children's Calf Feeding Competition Is Attracting Much Interest

In order to give all children residing in farm homes an opportunity to become conversant with the many species of cattle, the Edmonton Spring Show, to be held from April 8 to 12, and particularly the special encouragement given to amateur exhibitors, letters and prize lists were sent to every school north of Red Deer. A number of them have written in that the children have been quite interested and excited, and it is expected that the many changes adopted with an eye to improving the 1929 Children's Calf Feeding competition will result in a largely increased entry.

It has been felt by the directors for some time that when once a child has been introduced to the subject of cattle, when it can win first prize in this competition, it is only fair that some one else should have an opportunity to win this prize the next year, in order that the benefits of the first prize might be distributed a little, and this year all those who have previously won first prizes are barred from again competing. The district prizes offered by the Edmonton Stock Yards have also been divided into three prizes for each district, instead of one, which will also give greater encouragement to the amateur exhibitors in those districts which have not the same high quality of livestock as some of the districts which have been settled for a longer time.

The Reindeer Trek

A. E. Forsild Gives Some Details Of Big Government Undertaking

Referring to the organized reindeer trek from Alaska to the Mackenzie district of the Northwest Territories (to ensure an adequate meat supply to Canada's northern citizens), A. E. Forsild, of the Department of the Interior, now back from the drive, reports that the herd comprises 2,890 females, 307 bucks and more than 300 steers—the last being required to haul some 50 sleds, laden with camp equipment and to supply fresh meat to the herdsmen. A steer is hitched to each sled, travelling caravan fashion, with two unharmed steers in the lead breaking the trail.

B.C. Lumber Industry

The records of the Forestry Department indicate that the cut of lumber and piles from the British Columbia forests during 1929 totalled 39,453,489 lineal feet or an increase of 8,000,000 feet over the 1928 output.

Statistics relative to the lumber production in Saskatchewan during 1928 reveal that the number of sawmills have increased from 10 to 13 during 1929.

Shipwrecked Sailor: "Why does that big cannibal look at us so intently?"

His companion (cheerfully): "I expect he's the food inspector."

SCOTT'S EMULSION

Ready For Poultry Congress

Eggs To Be Exhibited By Canadans At New In Cold Storage

Eggs and poultry are already in cold storage for exhibition by the Canadian Poultry Pool at the World's Poultry Congress at the Crystal Palace, London, England, July 15 to 20. Mr. John Holmes, president of the Saskatchewan Co-operative Poultry Producers, and vice-president of the Canadian Poultry Pool, stated that Canada's interest in the congress was keen, particularly as production of eggs and poultry last year had slightly exceeded consumption in Canada. This necessitated a foreign market and investigation was proceeding in transit and marketing of surplus.

At the annual meeting in Edmonton, recently, it was reported that a trial shipment of eggs from British Columbia via the Panama Canal to Britain had been very satisfactory. Five thousand cases of eggs, or 17 car loads, had been sent cold storage and sold in Britain as Canadian eggs with the trade mark C.P.P.—Canadian Poultry Pool.

Asked whether the opening of the Hudson Bay route might not help solve the problem of marketing, Mr. Holmes stated that advantage had been taken of cheaper water transit in the trial shipment of eggs to Britain via Panama last year, and that probably the Hudson Bay route would prove an alternative for Saskatchewan and Manitoba also.

Comparing Saskatchewan and British Columbia as egg-producing provinces, Mr. Holmes declared that the lowest temperature of the former was not such a drawback as dampness has proved to be. She added, however, that probably Saskatchewan would eventually adopt the intensive system of poultry keeping, now prevalent in British Columbia. This method has been found more economical as poultry is best cared for when kept under control. In addition, poultry produced under the intensive system had been found to be more free from disease, according to the findings of a Winnipeg firm which has chicken.

The assembling system of British Columbia was superior to that of Saskatchewan, Mrs. Holmes remarked. In the former province eggs were brought by motor-truck system to the assembling station in three days. In Saskatchewan the eggs were assembled by rail in about seven days.

Can See Operation On Screen

Investment Being Used In Paris Works Like Periscope

Permitting many doctors and medical students to observe an operation simultaneously, an invention now in use in Paris works like a periscope to enlarge the operation three times and project it on a screen in an adjoining room. In the past only a few persons could be admitted to an operation. The invention, known as the scalyscope, is suspended above the operating table, and through a series of prisms, transfers the scene to a screen, enabling each person to see clearly what is taking place. Operators also hear the surgeon's voice explaining the steps.

Customer (entering motor shop): "I should like to see some really good second-hand cars, please."

Dealer—"So should I."

Smothering Spells Couldn't Walk Far Gassed For Breath

Mrs. T. W. Roth, Kelowna, B.C., writes:—"For over a year I was afflicted with a smothering spell, and it was impossible for me to walk, even a short distance, on account of having to gasp for breath."

"A friend told me to try

which I did, and in a short time I felt much better.

"I can now recommend them to everyone."

Price, 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Naming Of Creeks By Old Prospectors

Trappers Also Had Hand When British Columbia Waterways Were Christened

To a reflective person travelling through British Columbia's diversified out-of-doors, this threadbare question is garbed with freshened interest when he ponders on the names given to some of the innumerable streams of the province.

Along the line of the Canadian National Railways there are more than a few Gold, Silver, Copper, Ruby, and Quartz creeks to show that prospectors had a hand in the christening. These and others of the advance guard of settlement named many Salmon and Trout creeks. There are Goat, Kid, Duck, Goose, Sheep (also Siskiwit), Pup, Deer, Grizzly, Silver, Bear, Cougar, Whitegoose, Eagle, Marten, Mink, Fish-hawk, Caribou, Wolf and Porcupine creeks. There is even an Ocotillo creek, and a stream called Greasy Bill. One wonders who this Greasy Bill was and what he looked like. There are White-water, Blackwater, Clearwater, Cold-water, Green and Vermillion creeks. Along the St. Mary's River the creeks on one side were named Matthew, Mark, Luke and John, by a zealous missionary. Later a traveller not quite so devout chanced to pass along the opposite side of the stream and named the creeks flowing into the river on his side. These names were certainly picturesque, especially the one he dubbed Hell-roarin' Creek. Priest and Monk creeks are well known. So are Rum, Whiskey, Soda, Long, and Sugar creeks. One finds the Keele River and Fuddingbowl Creek, while away north of the Canadian National line, west of Jasper park, in the Stuart Lake country, are the Frypan mountains. There are also the Keele River and Fuddingbowl Creek, while away north of the Canadian National line, west of Jasper park, in the Stuart Lake country, are the Frypan mountains. There are also the Keele River and Fuddingbowl Creek, while away north of the Canadian National line, west of Jasper park, in the Stuart Lake country, are the Frypan mountains.

Value Of Game Preservation

Game Statistics Of Saskatchewan Point To Interesting Conclusion

While tabulation of returns from big game census issued in Saskatchewan for the 1929 shooting season is far from complete, and approximately 20 per cent. of the returns have not been received, it has been roughly estimated that 2,500 big game animals were legally killed in the province last year.

It has also been estimated that 90 per cent. of all the animals killed were brought down in close proximity to game preserves, 17 of which have been located in the province. If all accurate that estimate pays the highest possible tribute to the value of such preserves.

Including the many thousands of duck and other game birds shot last season, it has been estimated that the value in money of all game shot was not less than \$1,000,000. If that estimate is anyway near accurate, the value of game protection in Saskatchewan, for so far other than a financial standpoint, is realized.

Guarding The Crops

Laboratories Maintained In West For Control Of Insect Pests

Entomological laboratories are maintained in each of the west growing provinces of Manitoba, Saskatchewan and Alberta, by the Entomological Branch, Department of Agriculture, at Ottawa, for the carrying on of investigations to determine proper methods for the control of important insect pests.

These laboratories have been established and developed with the necessary equipment and staff as a means of protecting the wheat and other crops against damaging insect enemies.

Good To The Last Drop

An aviator bought a parachute from a new but obliging salesman. "And if you find it doesn't work," said the young man cordially, "just bring it back and we'll be glad to give you another."

New England has never asked for a refund although it was there that the passing stranger sympathized with the hand who was picking stones in a field. To which the latter replied: "Listen, brother, I ain't as poor as I look; I don't own this place."

SUNDAY SCHOOL LESSON

MARCH 16

PARABLES OF THE KINGDOM

Golden Text: "The kingdom of God is not eating and drinking, but righteousness and peace and joy in the Holy Spirit."—Romans 14:17.

Lesson: Matthew 13:24-32.

Devotional Reading: Proverbs 8:10-20.

Explanations and Comments

The Parable Of The Wheat and the Tares, verses 24-30.—When Mark Twain was a lad, he was sent by his mother to weed a flower-bed. He found more weeds than flowers and came back to ask his mother if instead of weeding the flower-bed he might not "flower the weed-bed." This was a warning against the danger of flowering a weed-bed.

The Parable Of The Mustard Seed, verses 31-32.—In this parable Jesus likens the Kingdom of Heaven to a grain of mustard seed which a man took and sowed in his field. This mustard seed was the smallest seed cultivated by the Jews and was popularly regarded as the smallest of all seeds. Although the seed is so small, mustard sometimes grows to a height of twelve feet, and then the birds of the heavens come and lodge in the branches thereof. The parable teaches that the growth of the Kingdom is sure, that from a small beginning great results follow. The husbandman does his part in preparing the ground and sowing the seed, and then he leaves it in the care of God, depending upon it together with the action of the sun and air and rain to carry the germinating life through the stages of its growth. So man must trust to a Power that lies beyond him for results, for the extension of the Kingdom of God in the hearts of men depends not upon the agency of man alone but upon the power of God.

"Wonderful Man . . . You had your dream."

—The John . . . Peter, James and Magdalene.

—Dark Judas, too—should learn to know your Jesus.

You had the faith to take the Kingdom's gleams.

In earthly embattled realm; and still your hope

Is undimmed, though men in darkness groped.

—Thomas Curtis Clark

Jails To Spare

Huge Decrease In Crime In Great Britain Is Noted

Britain's criminals are one class which seems to be travelling on the road which leads to gradual extinction. While the criminal "dole," as the prison appropriation might be termed, is decreasing, the government today finds itself embarrassed by a superfluity of prisons and military barracks.

McKenzie jail, which is to be closed shortly, is the twenty-seventh institution of its kind to disappear since 1914. Since that year—memorable as the outbreak of the war—the prison population of the United Kingdom has declined by 70 per cent.

The surplus of military barracks arises partly from reduction of the forces and partly because the scheme of army organization today calls for the concentration of troops in definite training areas, rather than their housing in different parts of the country. It is doubtful if the great Sheffield barracks will ever be occupied again; that is, unless there should arise emergency conditions.

Like many similar institutions, the Sheffield barracks were built about the time when industrialism, still a new phase, was coming to its full strength in the north of England. Such barracks, for the most part are veritable fortresses, designed then with the idea of providing refuge in times of civil disturbance.

The suggestion has been made in parliament that London's two principal prisons—Wandsworth and Pentonville—should be razed and housing areas for the working class substituted.

Two New Words

Two new words, "enplane" and "deplane," are to be included in the forthcoming edition of the American New Standard Dictionary. The rating of the two words is impeccable, it is added, according to the editor of the dictionary, who says that their use in air transport is synonymous to that of "entrain" and "detrain" in railway service.

Minerals Necessary For Cattle

A cow puts 14 pounds of minerals in every ton of milk she gives, or 56 in a normal producing year. One ton of alfalfa hay contains 163 pounds of minerals, and one pound of alfalfa contains more calcium than 100 pounds of corn.

The longest elephant tusks of which there is authentic record are 11 feet and 5 inches in length, and the pair weigh 292 pounds. They are now in the possession of the New York Zoological Society.

Lady Passenger: "I am not the mother of this child."

Police Conductor: "Well, I'd never guess you were a grandmother."

Parking In Melbourne

The parking of cars in Melbourne, Australia, is controlled by issuance of a ticket for the sum of 20 cents. A motorist parks his car any place he can find space, handing the ticket to a policeman. The ticket is good for one day only.

DO YOU SUFFER FROM CONSTIPATION?

Complex remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and grip the bowels.

Alleviating lubricants which only grease the intestines and encourage nature's machinery to become lazy. A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleaned and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real tonic effect. All druggists 25c and 75c red pills.

A Real Economy

New Yorkers pay \$160,000,000 a year to ride in the city's 25,000 taxicabs, reports a writer in "World's Work." But huge as that sum may seem, the taxicab is a real economy for the New Yorker of the class which would own its own cars in smaller cities. On account of high rentals, lack of parking space and traffic congestion, it is estimated that the cost of maintaining an automobile and chauffeur in the city is \$5,000 annually.

Heart disease, in 75 per cent. of cases, develops in children before they are ten years of age.

SMP

Covered Roaster

Saves You Money!

An SMP Enameled Covered Roaster saves many dollars every year. No need to pay high prices for the best meat. The SMP Roaster gives cheap cuts of meat the juicy tenderness of expensive ones. It's all in the keeping of the roast covered! No shrinkage. . . . No burnt meat. . . . More money saved! Save work, time and steps as well. Watch for the familiar SMP label. Popular prices from \$1.00 to \$4.50.

COMPEL OIL COMPANIES TO SELL AT WELL
Unanimous endorsement was given in the Alberta legislature to the following resolution, moved by Joseph T. Shaw, K. C., Liberal leader: "That in the opinion of the Assembly and the Government in all leases hereafter made by it covering petroleum and natural gas rights, should insert a clause providing that the lessee and his assigns, shall sell the distillate and gasoline product at the

well at such stipulated figures, and for such purposes as may be fixed by Government regulation from time to time, until the Legislature decides otherwise."
The main object of the motion is to compel producers to sell unrefined product at the well to bonafide settlers, farmers and industrialists.
A grand St. Patrick's entertainment will be given in Cole's theatre at Bellevue on the night of Thursday, March 20th.

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor
Serve the church that the church may serve you.

Services, Sunday, March 16, the Pastor in charge—
11 a.m.—SENIOR SCHOOL, for Young People over 12.
2 p.m.—JUNIOR SCHOOL, for Children under 12.
7.30 p.m.—PUBLIC WORSHIP.
Subject: "Thou Shalt not Kill."
This being the 6th sermon in the series in "The Ten Commandments in 1930."

The private right to murder is upheld by few today. But the right of the State to murder. Capital punishment and war is still widely debated. Should the church take a stand on these matters? What will happen if the London Conference fails? Are we heading for peace or war? These are some phases of this subject that will be dealt with in the sermon.

HILLCREST UNITED CHURCH

Pastor: Rev. J. W. Smith, B.D.
Services every Sunday—
11 a.m.—Junior School, for boys and girls under 12 years.
2 p.m.—Senior School, for young people over 12 years.
8 p.m.—Public Worship.

Betty Compton, whose tremendous success in talking pictures is one of the sensations of the industry, sings three songs in her newest picture, "Woman to Woman," in which she will be starred Monday and Tuesday at Cole's theatre, Bellevue, with Geo. Barraud and Juliette Compton. Two of these songs, "A Toi" and "The Parisian Doll," are sung by Betty in French and the third, "Sunshine of My Heart," is in English.

Miss Ruby Howe, who is employed in the office of the Skov Lumber Company at High River, was a visitor with her parents here over Sunday.

NEW CHEVROLET SIX ANNOUNCED TODAY

Two of the new models of the latest Chevrolet six, announced today, are here illustrated. Above is the club sedan, and at the right is the sport roadster. No less than seventy-six distinct improvements are said to be incorporated in this new Chevrolet product.

Only CHEVROLET offers "Body by Fisher" in the Lowest Price Field

BEAUTY that matches any car on the road is evident in every line of the new Chevrolet Six. For Chevrolet . . . alone among all cars in the lowest price field . . . boasts the supreme style and roomy comfort of bodies by Fisher. And Chevrolet offers, moreover, the completeness of detail, finish and equipment hitherto associated with the finest cars.

The interiors of all Chevrolet closed models are upholstered in rich plush. Wide, deep seat cushions and form-fitting backs provide a

luxurious degree of restful comfort. Arm rests are furnished for the convenience of rear seat passengers.

All the smooth, quiet power which nothing less than a six can give is yours in the new Chevrolet Six . . . with ample reserve to meet your every demand for flashing acceleration and sustained high speeds.

Most important of all, from the standpoint of investment, is the extremely low price range at which this new Chevrolet Six is offered . . . and the manner in which it combines the superior performance of the six with exceptional economy.

A ride in the new Chevrolet tells a wonderful story . . . of performance . . . comfort . . . economy. Drive the car yourself. Judge it by all your standards of what a good car should be. And remember, the new Chevrolet Six may be purchased on the G.M.A.C. Deferred Payment Plan.

Across Canada and Back

A three week tour of Canada by Canadian Pacific and Windsor.

Yuletide and return by two routes totalling at the major cities and scenic spots of the centre and west of Canada is being brought to the attention of Canadians and others by an announcement recently issued by Dean Sinclair Laird of Macdonald College, who for the last six years has personally conducted these tours. The outward route in the northern sector of Lake Huron and Superior to Fort Frances and passes through Winnipeg, Regina, Moose Jaw, Calgary, Lethbridge, Edmonton, Vancouver and Victoria. A hundred miles of this trip between Ban-

to is also by Canadian Pacific Railway and takes in the famous mountain railway journey to Field, Lake Louise and Banff, thence north to Edmonton and by Saskatoon to Winnipeg and Fort William. From the latter city by Great Lakes steamship to Fort McNicoll which practically ends the transcontinental journey. A variety of scenic and means of transportation is thus assured. Numerous stops are made for sightseeing in the many noted beauty spots, national parks, experimental farms, forest stations, larger centres of population and provincial capitals.

Local and General Items

P. Ubertino's theatre at Bassano was destroyed by fire on Tuesday.

Premier Brownlee has hinted that there will be no provincial election this year.

W. K. Hyslop was up from Waterton Lakes last week end on a brief visit.

Miss Emma Kidd is in Lethbridge, delegate to the Grand Temple of Pythian Sisters annual sessions.

Dr. J. Olivier and W. J. Bartlett attended the Edmonton-Blairmore hockey games at Edmonton and Calgary.

Mr. and Mrs. Harry Meade have returned to Bellevue from a very pleasant holiday trip to the West Indies.

J. A. McLeod, of Coleman, attended the sessions of the Canadian Institute of Mining and Metallurgy at Toronto last week.

J. P. AVERY, Piano Tuner, of The Avery Music House, Calgary, will be in town next week. Orders left with Miss Madeleine Chardon, phone 204 or 235, will receive prompt attention.

An official bulletin, issued from Nairobi, British East Africa, on March 4th, states: "The Prince of Wales is now convalescing. He expected to leave for Uganda on March 9th."

EASTER TEA AND SALE of home cooking, fancy work, etc., under the auspices of the Ladies' Aid of the Blairmore United Church, will be held in the Moose Hall on Thursday, April 17th. Kiddies, don't forget the fish pond.

Our Bearcats hockey team will likely return tomorrow night from Trail. It is to be hoped that arrangements will be made to show our appreciation of the boys' efforts towards very decisively winning the Alberta senior championship.

Dr. Frank Galbraith, son of Dr. and Mrs. W. S. Galbraith, of Lethbridge, is this spring with the Newfoundland seal hunters, sailing from St. John's Monday last on the steamer Terra Nova, the same vessel as used by Capt. Scott on his Antarctic dash which resulted in his death.

Why do Scotchmen wear kilts? Because it's a saving investment. Lord Colman Crichen Stuart, Scottish M.P. says that "From a lifelong experience I can assure you that it is a most economical garment." Although the sometimes cost more than \$100, they are seldom worn out during a life time.

Only two cases came before the criminal assizes at Macleod on Tuesday, one of which was of interest to this district. Luigi Denotaris, a Blairmore cobbler, was sentenced to three months imprisonment by Mr. Justice Twiddle on the charge of stabbing Mike Marcial. The affair took place in a Blairmore gaming joint some months ago.

We cannot agree with Calgary dailies that support of the opposing teams in the Superior-Bearcats go could be divided fifty-fifty. To the average onlooker and listener, Blairmore had the edge by easily ninety per cent. But in Edmonton, for the first two periods, fans were about equally divided in their sympathies, which, of course, waned in the third period for Blairmore, when Manson was handed out penalties that were undeserved.

Don't Forget the
TEA and SALE

To be held in the
MOOSE HALL
On the Afternoon of
Saturday, Mar. 22

By the
Sevanus Group of United
Church Sunday School

Procure your Shamrocks for St. Patrick's Day from the taggers on Saturday.—St. Anne's church.

A man named Mainfroid, formerly of Blairmore, recently made a second stab at matrimony at Edmonton.

Mr. and Mrs. Alex. M. Morrison, of Coleman, attended the Shriners' ball at Lethbridge last week.

Immediately following a big pig sale at Calgary last week, a number of road hogs were encountered by motorists along the Macleod trail.

Foreign automobiles to the number of 4,508,998 reported into Canada last year for touring purposes, an increase of 863,388 over 1928.

Admiral Von Tirpitz, of German submarine fame, died at Ebnhausen, Bavaria, on March the 6th, aged eighty.

Real zest was added to the voting for the Blairmore boys at Calgary by a whole host of former Blairmoreites who are now residing in the city.

Mr. P. Colbertaldo, Italian vice-consul, was in town the early part of the week from Edmonton, in connection with the winding up of an estate affecting the five Peressini brothers here.

Rev. Mr. Gunn will visit this district next week, lecturing in behalf of the Canadian Red Cross campaign. He will be at Frank on Tuesday. Dates for Hillcrest, Bellevue, Coleman and Blairmore have not yet been decided upon.

Robert Gray, "Red" Rostrom, R. W. H. Pinkey, D. A. Howe, Walker Perry, H. VanLoon, W. Wolstenholme, Frank Johnson, Nick Oswald, D. Lewis and J. Howe, were among the local fans who took in the hockey game at Calgary.

Col. W. G. Barker, V.C., who brought down 52 enemy aeroplanes and was Canada's second ranking aviator of the Great War, met death at Ottawa yesterday, when the plane he was putting through a demonstration crashed to earth.

The "Phun Phet" at the arena last night was a most enjoyable affair and it is earnestly hoped will be repeated ere long. The programme started with a series of skating races—half mile, one mile and two miles—followed by a splendid exhibition of hockey and broomball between teams composed of the boys of their dais. In both cases, the boys were declared winners by Referee W. Turner.

A man down in Ontario, claiming to be a government inspector, went about inspecting poultry herds in the country. Naturally, he found a number of choice turkeys and chicken but he said he would have to take away with him to be examined for lice. He has never returned to the country and the owners have just discovered that he was a fake. With the inspectors inspecting nowadays, people should be very careful to inspect the inspectors.

Mrs. C. J. Tompkins was among the guests of Mrs. Archibald McTeer in the sun room of the Palliser hotel at Calgary on Thursday afternoon last when Mrs. McTeer acted as hostess to the wives of members and representatives of the Sun Life Assurance Company. Mrs. M. A. Kastner, of Fernie, was also a guest. Mr. Tompkins and Mr. Kastner accompanied their better halves to Calgary and in addition took in the big Edmonton Blairmore hockey final.

Following is the standing of Grade VIII pupils for the month of February: Grace Wheatcroft and Dorothy Hamilton 96, Leslie Ramsey and Carline Moore 94.2, Ella Madison 94, Leona MacDonald 93, Doreen Chappell 92, Marion McDonald 91, Joe Morgan and Evan Gushul 90, Doris Hales 88, Catherine Peford 87, Harv Wheatcroft 86.4, Olga Yanota and Gertrude Gibson 85, Elmer North at Frank Morgan 83, Kathleen McDonald 81.6, Ian Walker 81.4, Sandy Ferguson 75.4, Sidney Emery 75.2, Phil-

ip Houbreg 75, Sylvia Harrison 72, Hilda Heywood and Jack Scott 71, Laura Link 67, Annie Kubik 64, Emil Mesuracca, Henry Lencucha, unclassified.

The third annual entertainment under the auspices of St. Anne's church, will be held at the opera house on Monday night next (St. Patrick's). The programme will include a three act play by groupings, entitled "Maggie Murphy," and a one-act play by the children, entitled "Grandmother's Rose Jar." In addition there will be Irish music and dances. A splendid programme, throughout is promised. The Coleman orchestra will assist. We understand that the entertainment will be reproduced at Coleman on Thursday night.

McPherson Before The Battle He rushed into the Club. "Give me a pint of beer before the row starts," he said.

The waiter produced the drink and he promptly drank it.

"Give me another pint, quick, before the row begins."

When he had done this three times the waiter asked: "What's this row about and when is it going to start?"

"It starts now," he said, "I've no money to pay for the beer."

Teacher—"Johnny, to what class of the animal kingdom do I belong?"

Johnny—"I don't know, teacher. Pa says you're an old hen and Ma says you're an old cat."

Here and There

Nine competitions, including men's and women's handicaps events, men's and women's team matches and mixed doubles will feature the programme of the second annual Empress midwinter golf tournament to be held over the Colwood course at Victoria, February 17-22. The E. W. Beatty trophy is the chief prize for the men's and women's handicap competitions.

Miss Connie Wilson, champion fancy skater of North America and Great Britain, will take a short rest in the ice pageant of the Frontenac Winter Carnival to be staged at Quebec February 12-13. She will be supported by the best talent of Quebec and a group of stars from Toronto, including the champion skater four of the Toronto Skating Club. Ottawa will be represented by the Minto Skating Club and 24 local skaters from Toronto will perform in the "Dance Moderne" number.

The greatest fireworks display of the year, the "Pete de Nuit" exhibition has been received by the Dominion in an industrial and cultural way were emphasized by E. W. Beatty, chairman and president of the road, at a recent address before the Canadian Industrial Traffic League at Montreal recently. His company, he said, had in the past five years, spent over \$245,000,000 on capital account alone and during the same period had built over 1,000 miles of branch lines. 1929 with its decrease in earnings, he regarded as an exceptional year not likely to be repeated in subsequent years.

The outstanding contributions that the Canadian Pacific Railway has made to the life of the Dominion in an industrial and cultural way were emphasized by E. W. Beatty, chairman and president of the road, at a recent address before the Canadian Industrial Traffic League at Montreal recently. His company, he said, had in the past five years, spent over \$245,000,000 on capital account alone and during the same period had built over 1,000 miles of branch lines. 1929 with its decrease in earnings, he regarded as an exceptional year not likely to be repeated in subsequent years.

A considerable increase in grain shipments from Saint John has already been established since the new year, over the entire month of December, 1929. Grains were shipped by the Canadian Pacific Railway, states. Bushels of grain for December export from Saint John totaled 508,337; from January 1 to January 17, total was 651,438.

The second annual Sea Music Festival of the Pacific Coast sailed into history January 15, when once again capacity houses greeted the final offerings. Outstanding among the features were, the two ballad operas, "The Order of Good Cheer," incorporating French-Canadian ballads of the 16th century, and "Round for the Rio Grande," a rollicking sea-song played by Captain Frederick Wallace. Each show was repeated by request on three successive days.

The 16th annual winter carnival with the first official Western Canada Ski tournament will be held at Revelstoke, February 4-5. World records have been made on the ski jumps of the continent, will attend the carnival.

CARD OF THANKS FROM

CANADIAN RED CROSS

Edmonton, Alberta, March 4, 1930

Dear Editor:—

When I sit down to write a letter to you and your fellow editors, I feel totally at a loss to adequately express my thanks for the support you continue to give Red Cross.

From all we are sent the task of raising money for Red Cross with adequate finances, and of trying to stimulate people to realize that Red Cross is worthy of sufficient support to put it on a sound basis, the generous support of your own and the other papers, has been one of the encouraging features that keeps one stimulated to greater effort.

I realize that Editors have to pay money to get out a paper, that their main revenue is their advertising and that in justice to you our publicity should be prepared to pay for our subsidy. But with our finances at such an ebb that we can hardly see our way clear to carry on our services, one cannot help but hesitate over the expenditures of considerable sums for advertising. Your advertising committee are now, however, considering suggestions to put before us for a definite provincial programme, and we hope we will be able to carry out those suggestions.

In the meantime, we desire to show our appreciation in a ridiculously inadequate way, by continuing our subscription, and trust that you may see your way clear to be as generous to us in future, as you have been in the past.

Our only way of awakening the public to a realization of the need of Red Cross, is to present the facts to them. Without question the best way to reach the public is through the columns of the press. We have not yet lost faith, but we do appeal for your support to assist us.

With my sincerest thanks to you, I am

Yours very truly,

A. C. L. ADAMS,
Commissioner.

A clergyman, visiting a hospital, came to a Scotsman, who asked him to read a psalm. "Which one would you like?" asked the clergyman. "The angeli in the book," was the reply. So the clergyman read the longest psalm. "That's good," said the Scotsman. "Well ye read it again, sir, and will ye come a wee bit closer?" "Certainly," said the clergyman, and he read the psalm a second time. "Thank ye kindly, sir," said the patient. "Ye ken Ah've no had a drop for a fortnight, an' the verra smell's a God-send."

A Surprise Anyhow

An old farmer made a trip to the city and decided to startle the wife by appearing in brand new raiment. To save wear on the new suit he placed it in the back of the wagon. A few miles from home he took off his old clothes and tossed them over a bridge into the river.

He was surprised to see that the new clothes had dropped out of the wagon. "Giddap, Maude," yelled the old man, pulling down his shirt tail as he realized his plight. "We'll surprise her anyhow!"

Two Scots were discussing the domestic troubles of a friend. "That woman leads Sandy an awful life," said one. "Humph! what else would ye expect," asked the other. "He only courted her for seven years, an' I hold that man can understand a woman in that time. Now I courted Maggie Deans for twenty-two years—" "And did happiness follow the lengthy courtship?" asked an Englishman seated opposite. "I found out at the end of that time that I didna much care for the woman, an' cried aff!"

An Epitaph

"Here lies the body 'of Daring McBride—he stopped to give a hitch-hiker a ride."

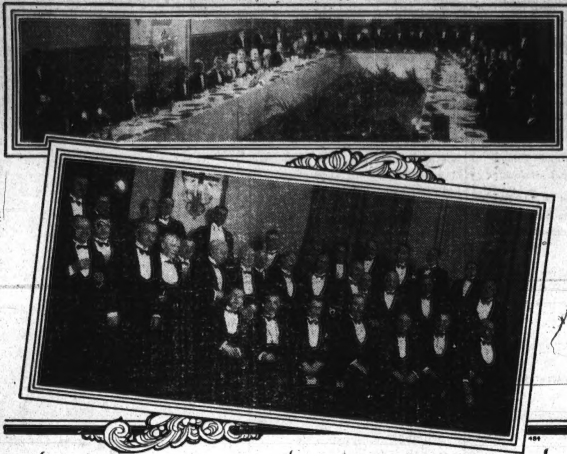

Montreal with Pen and Pencil

One of the oldest, most picturesque and historic cities on this continent—the city of Montreal—has found a worthy biography in the work of Victor Morin and the well-known Canadian Academician Charles W. Simpson, who have between them produced, under the auspices of the Canadian Pacific Railway, a description in words and drawings bearing the above title. Written originally in French it has been rendered into English in a

translation that conserves the original verve and atmosphere of the book. In forty pages of clear and readable type with fifteen full page reproductions of pictures that are in themselves works of art, the story of the city is told for the past three hundred years. Lay-out shows two contrasted and typical scenes: the famous church of Notre Dame, second largest on the continent; and Bonsecours market that resembles a scene taken from a city of Normandy.

Gastronomes Foregather

"Le Diner des Gastronomes" or the dinner of the experts in food was held recently at the banquet room of the Place Viger Hotel, Montreal. The saying is that humanity is divided into two parts: those who eat to live and those who live to eat. Above lay-out shows the rarer variety, the gourmets who like their food daintily served and exquisitely chosen with rare vintages thrown in for good measure. The dinner was held under the auspices of the Chambre de Commerce Française and among the guests were the Consul-General of France, Edouard Cartier (centre of group); at his left, Hon. J. D. Bouchard, Speaker of the Quebec Parliament; and at his right, Albertus de Leon Trepanier, leader of the Montreal City Council.

To a Horse

O horse, you are a wondrous thing. No horns to honk, no bells to ring; no license buying every year, with plates to screw on front and rear.

No spark to miss, no gears to strip; you start yourself, no clutch to slip; no gas bills mounting every day to steal the joy of life away. Your inner tubes are all o.k. and, thank the Lord, they stay that way.

Your spark plugs never miss or fuses; your motor never makes us fuss. Your frame is good for many a mile; your body never changes style. You want a few and easily met—you've something on the auto yet.

Liquor cases are occupying so much of the time of courts in "dry" United States that it has become necessary to build larger penitentiaries, larger courtrooms, and appoint more judges. Yes, sir, and prohibition in the States is a success. (?)

A little girl was acting as a bridesmaid at a wedding. When the ceremony was over she asked the bride if she were very tired.

"No," was the reply.
"Well," answered the small girl, "Mother said the other day that you had been running after Mr. Jones for two years."

That's Different

One day a very pretty young lady who had a poodle dog in her lap chanced to be riding on a street car. A bluenosed lady sitting next to the girl addressed her thusly: "My, what a nasty little dog. Don't you think, my young lady, it would look much nicer if you had a little baby in your lap?"

"No," the pretty one replied in calm, even tones, "it wouldn't. You see, I'm not married."

A well-known comedian drove into a Midland town and, pulling up outside the Town Hall, said to the solitary individual who was standing on the steps, "Just keep an eye on my car for a moment, will you? I shan't be long."

"Sir," said the other, with dignity, "do you know that I am the Mayor of this town?"

"That doesn't matter," said the comedian. "You lock honest!"

The Customs Department, Ottawa, recently received a letter from a resident of the Yukon, asking a permit to enter a sport rifle at Customs, imported from England. The letter read: "I am not an alien; am British born and a returned soldier. I am not a Bolshevik, Anarchist, Socialist, Communist, Prohibitionist or Liberal! He got his permit."

Dressed in Stockings

Mother: "What kind of a show did papa take you to see while you were in the city?"

Bobby: "It was a dandy show, mamma, with ladies dressed in stockings clear up to their necks."

A beginner at golf, when asked how he came out on the first day on the links, replied that he made it in eighty.

"Eighty," ejaculated his friend; "that's really remarkable. Most old-timers would envy you with that score. You'll surely be an enthusiast from now on."

"Yes," said the novice condescendingly. "I'm going back tomorrow to try the second hole."

An old Scotch minister was tireless in visiting the members of his flock. He had noticed the absence from church of one hitherto regular attendant.

"Donald," he said to this man, "I haven't seen ye in the kirk lately."

"Na, sir."

"Well, ye ken, I wad like to know the reason."

"Weel," replied Donald, "I ha three decided objections. Firstly, I dinna believe in sae muckle singin'; secondly, I dinna believe in bein whaur ye do all the takin'; an' thirdly, it was there I got ma wife."

CALGARY'S IMPRESSION OF SUPERIORS-BEAR-CATS GAME

(From the Albertan)

The game played on a watery sheet of ice, was a thriller during the entire 60 minutes, the pace being so fast and interesting that the record crowd for amateur hockey in this city was kept on edge every moment. While the fans gave the Bearcats a tremendous ovation when they notched their counter, there was little difference between the encouragement accorded both teams. Calgary fans like good hockey, no matter what team it is dished up by and as both sides were playing to perfection the enthusiasts were divided in their cheering.

The game went to the better team on the night's play, for the Bearcats had the edge. They relied on an offensive game, which after all, is the best defence. On the other hand, the Superiors played more of a defensive game, something that they have been accustomed to all season. Their style was similar to the Bronks. On the heavy going ice, it would have been to their advantage to keep three players up on the attack all through the game.

Because of the Bearcats' consistent attack, they appeared much more in the picture than their opponents, who were laying back trying to take advantage of a break. The fast skating forwards on the Blaimore team, the second line being every bit as good as the first string trio, checked back so well that the Superiors were bottled up most of the time when they approached the defence. Whenever they did get beyond the blue line they had a well balanced defence trio in Manson, Johnson and Kemp to solve the defence of Manson and Johnson, particularly the former, was the outstanding factor in the Bearcats' victory. Manson excelled both on the defence and offence. He had tough luck in failing to score at least two goals. He repeatedly bounced the Superiors about as they crossed the forward line. Kemp in goal was invincible. There was no choice on the Bearcats' attack. All six starred. Of course McKay loomed prominently in stick handling and Vejpava was skating faster than the rest, but the younger boys, some of them still eligible for junior company, co-operated at all times towards turning it the well earned triumph.

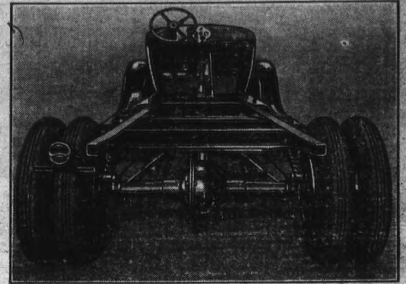

Stuart was the big noise on the Edmonton team. His fine work in goal stood out, and it was a tough break for him when the one fortunate goal beat him in such a fashion. There were no weaklings on the Edmonton team, as they all played excellent hockey. Faulder, a fast husky youth, who can skate faster than most players, loomed brightly throughout. Graham and Crossland were the pick of the forwards, although a little chafed Bullard was prominent through his tricky stick handling.

The best of sportsmanship prevailed during the exciting contest. Edmonton took their defeat in the best of spirits and lost no time in congratulating members of the victorious sextette. Blaimore supporters, then being at least one thousand of them from the southern towns, accepted their favorites' triumph joyfully. It was a true championship game, and one that was well worth coming miles to see. Edmonton Superiors made a fine impression here and went down with flying colors. Blaimore's victory is another great boost for hockey in southern Alberta. The Crow town, which has long been famous for its success in the national winter pastime, has turned out numerous championship teams. This one, however, is probably the greatest. The triumph is another tribute to Walter Scott, who has managed and coached five successive title teams in Blaimore.

Speechless Emotion

"Hallo, here have you been"
"To the station to see my wife off for a month's holiday."
"But, how black your hands are!"
"Yes, I patted the engine."

Many Improvements in New Ford Truck

Showing Housing for Three-quarters Floating Rear Axle and Dual Wheels of New Ford Truck.

AUTOMOBILE shows in Montreal, Ottawa, Quebec and Vancouver this year have witnessed universally an increased interest in the commercial exhibits. Visitors appear to have become more alert to the possibilities for greater utilization of motor transportation in business and agricultural activities. In each city, attention has centered about the improved Model AA one-and-one-half ton Ford truck chassis.

Improvements in the Ford truck include, among others, the new four-speed transmission, the spiral bevel gear rear axle which is of the three-quarters floating type, larger and stronger front axle and springs, the torque tube drive and larger brake drums. The entire chassis also has been strengthened. The four-speed transmission gives drivers of the Ford truck ample road speed for rapid, efficient transportation, together with an improved low-speed pulling power sufficient for moving capacity loads out of pits or on soft ground.

The new transmission is of the standard, selective sliding-gear type, providing four speeds forward and one reverse. Ball and roller bearings on both shafts reduce wear and friction and add greatly to the life of the transmission. There is a large size outlet on the right side of the transmission case for power take-off.

The new rear axle is of improved

construction and has a spiral bevel gear. It is of Ford truck design with straddle-mounted pinion. Entire weight of truck and load is carried on the housing. This means that axle shafts serve only to turn the rear wheels.

The new front axle is nearly twice as strong as formerly. The front spring is heavier with wider leaves. The centre cross member of the frame, which takes the driving thrust transmitted from the rear wheels, also has been made stronger.

Another major change is to be found in improved braking power. Brakes are larger, the braking surface having been increased to 474 square inches. All brakes are fully enclosed.

An improvement that will prove of considerable economy and convenience to the truck driver is the dual rear wheel feature, designed to make the steel disc wheels interchangeable.

The principle of the famous torque tube drive used on the Ford chassis is that all strains and drive are taken up by the tube that surrounds the driving shaft. Chassis dimensions are over-all width across rear hubs, 66 1/2 inches; over-all width across dual wheel tires, 74 1/2 inches and over-all length, 183 1/2 inches. The wheel base measures 131 1/2 inches. The turning circle of the truck is 46 feet. Fuel tank has a capacity of eight imperial gallons.

FREE PUBLICITY

In the past this paper has received numerous requests for free publicity, most of which we have ignored, or thrown the copy into the waste paper basket. In this respect Government corporations and organizations we could name, are the worst offenders. While the latest request from the Department of Public Health for "Co-operation" may have a great deal of merit, yet we feel the time has arrived when newspapers should no longer be expected to shoulder the whole responsibility for placing many of the campaigns free of charge before the public.

Last week we received a letter from the secretary of a certain cattlemen's association in Alberta, enclosing copy of an auction sale notice with the following terse request: "To the Editor, I would deem it a favor if you could find space for this reader in your paper." Needless to say, it was immediately torn up and consigned to the waste paper basket.

Then there are many others who would mention as well of the "acra-ch" or "Throwing a sprat to catch a whale" variety, who usually flood us with their propaganda, and who long since ceased to be a factor with us regarding requests for free publicity.

We, for one, along with the rest of Alberta publishers, intend in future to take a strong stand against the growing evil of giving away our stock in trade—Advertising space. This is principally a newspaper's whole source of revenue, and if publishers complied with every request for free publicity it would be impossible for them to exist. It should be realized—and we have had it intimated to us by some—that the publication of a weekly newspaper should be regarded as a business, standing on its own feet alongside other business undertakings and that consequently it is unfair to expect it to shoulder the whole responsibility of putting over the publicity of many so-called worthy objects or campaigns touching the interest of residents in a community—urban as well as rural.—Delta Times.

Terrific Punching

Big Boy went down for the count of two from a left which would have shaken the statue of liberty. He got up and was fatted for the count of eight with a right which would have tunneled the Eighth avenue subway.—Ex.

The Kansas Gazette says: "Our linotype operator is having quite a time finding names for his twins. We suggest Etain and Shinda, both words are used quite often by linotype operators and were originated by them."

Judge: "Were that Scotchman and Jew drunk when you arrested them?"
Policeman: "Drunk? I'll tell the world! The Scotchman was throwing away money in the street and the Jew was picking it up and returning it to him."—Fraternal Record.

A casualty insurance company that had required some additional evidence to support a claim, recently received a letter from the widow of the insured, which ended:

"I have so much trouble getting my money that I sometimes almost think I wish my husband were not dead."

An American and an Englishman were having an argument about a sausage machine.

"It's a big affair," the American explained, "and simply wonderful. You drive a pig through a hole in the machine, and five minutes later, out comes the sausage."

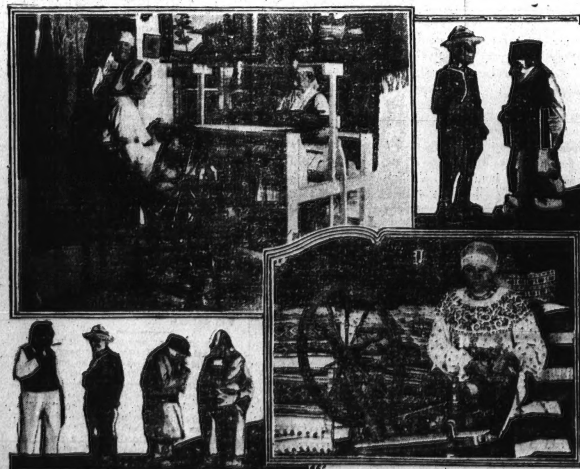

"But what becomes of the hide?" asked the Englishman.

"The hide? Oh that falls out of another part of the machine in purses, shoes or saddles—just a matter of setting a lever."

"Is that all?" said the Englishman. "Well, we've used a machine like that for twenty years now, and what's more, we've improved on it. Sometimes the sausages are found to be not quite up to standard."

"Well, what happens then?"
"Why, we just put them back in the machine, reverse the engine and out walks the pig as fit as a fiddle."

The Old World Shows the New

When the third of the Great West Festivals opens at the Palliser Hotel, Calgary, March 19-22 next, a score of nations will contribute to the success of the affair in folk songs, folk dances and handicraft work of which a special exhibition will be held by the Alberta Branch of the Canadian Handicraft Guild. At the previous two festivals in Winnipeg and Regina some astonishingly beautiful work was shown and interest will be stimulated at Calgary and throughout the province of Alberta by the offer of handsome prizes by the Canadian Handicraft Guild. Some idea of their beauty may be gathered by the above relay-out which shows a Russian spinner at work on a dress similar to the one, beautifully embroidered, she is wearing. Swedish weavers also attired in native costume; and some examples of wood sculpture, among them a couple of the Mounties with peasant types of strong personality.

WELSH IMPERIAL SINGERS

POPULAR AT DRUMHELLER

DRUMHELLER, March 10—The Welsh Imperial singers, under the direction of R. Festyn Davies, delighted two very appreciative audiences Friday and Saturday evenings in the Elks' auditorium. The selections from their extensive repertoire, with a change of program each evening, were so varied and so artistically rendered that the warmth of the applause left no doubt as to the reception these outstanding singers were accorded by audiences drawn from the different parts of the district.

Elwyn Edwards, the boy tenor, and Norman Evans, the youthful pianist, proved particular favorites. The visit of these artists to the Coal City was under the auspices of the Drumheller Rotary Club.

ASKING FOR REDUCED FREIGHT RATES ON COAL

Asking for a reduced freight rate on coal from Alberta to Winnipeg in order to compete with U.S. hard coal "dumped" into that market, a strong delegation of operators from Edmonton and Coalpur branch together with representatives from the Crow's Nest Pass, have left for Ottawa to present its request to the federal government.

Members of the delegation include W. J. Dick, of the Cadomin Coal Co.; J. C. Dunn, Mountain Park and Lusk Collieries; R. N. Young, Canmore; J. R. Smith, Blaimore, and O. E. S. Whiteside, Coleman.

The operators claim that 450,000 tons of U.S. coal is dumped upon the western Canadian market annually, and that some aid should be given Alberta producers to meet this unfair competition.

Supporting the appeal in behalf of lower freight rates, the case for the operators is presented in pamphlet form, fully outlining every important phase. A circular letter accompanying the pamphlet states that:

"Stagnation and lack of work in the mines affects every person in the country, directly or indirectly. Present bituminous coal importations into the West (Manitoba and head of the Great Lakes) are practically 2,000,000 tons, which could easily be taken care of by Western mines without the addition of a single new mine."

"We believe that Canadian interests would best be served by having these importations displaced by Canadian coal. The cost of subvention would be very small and the benefit to the country at large very considerable."

The pamphlet contains various res-

olutions passed at meetings of the bituminous coal mine operators of Eastern British Columbia and Alberta, as well as correspondence that has already ensued between the operators and government representatives.

Favorable action on the part of the Federal government is expected.

MAY PROHIBIT LIQUOR EXPORT TO U.S.A.

Premier Mackenzie King, at the opening of the House at Ottawa on March 4th, introduced his bill to amend the export act, in order to make it possible to refuse clearances to liquor, destined for the United States.

The purpose of the bill was to authorize officials of the government in charge of liquor in bond, or in charge of the issuance of clearances, to refuse the release of the liquor, or the grant of clearances, in cases where it was the intention to ship the liquor into a country in which it was prohibited by law.

Following is the text of the amendment:

"1. The Export Act, Chapter 63, of the Revised Statutes of Canada, 1927, is amended by inserting therein the following section immediately after Section 7 thereof:

"8 (1) Notwithstanding the provisions of any other statute or law, or of any regulation made thereunder, or of any bond, agreement or other instrument relating thereto, (A) No intoxicating liquor, now or hereafter, held in bond or otherwise under the control of officials of the Dominion Government, under the provisions of the Excise Act, the Customs Act, or any other statute of Canada, shall be released or removed for purposes of export from any bonding warehouse, distillery, brewery or other building, or place in which such liquor is stored, in any case in which such liquor is destined for delivery in any country into which the importation of such liquor is prohibited by law; (B) It shall be unlawful to grant a clearance to any vessel having on board any intoxicating liquor destined for delivery in any country into which the importation of such liquor is prohibited by law."

"(2) 'Intoxicating liquor' in this section means any liquor coming within the definition of 'intoxicating liquor,' in the Canada Temperance Act."

"(3) The Governor-in-Council may make such orders and regulations as he may consider necessary for giving effect to any of the provisions of this section."

See a real entertainment on March 17th at the Opera House, 8 p.m.

WHAT'S THE MATTER

Since the first of March, police in this district have been taking drastic steps against motorists whose vehicles were not wearing the 1930 license plates. From observation at Calgary, Macleod, and even Edmonton, last week we were in position to judge that a very large percentage of cars and trucks were still carrying the 1929 plates—and in localities where all one had to do was step into an office, fill out an application form, pay the license fee, and receive the plates. At Macleod, thirty-eight cars were counted, along one side of main street on Saturday afternoon, sixteen of which had not lived up to the requirements of the law.

Several instances have been cited in this district, where applications for the new plates had been made at times prior to February 6th, and in a great many cases, although receipt of the application and fee was acknowledged by return mail, the applicants had not received their plates by the end of the month, and it seems rather unfair that such parties should be put to further inconvenience and expense because of sheer lack of service on the part of the government.

ANGLING REGULATIONS IN B.C. AREA CHANGED

Under an amendment recently made to the Special Fishery Regulations for British Columbia the closed season for angling is abolished in the tidal waters of the Lower Mainland District of the province and in those portions of the Vedder and Chilliwack rivers that are between the Fraser river and the junction of the Chilliwack with Laichwinn creek. Hitherto there had been a certain closed season from December 1 to the last day of February. The request for the change in the regulations came from British Columbia anglers and was approved by officers of the Fisheries Branch and the Biological Board of Canada.

The success of Joan Crawford as a singer in "The Hollywood Revue of 1929" led Metro-Goldwyn-Mayer to insert a couple of brand new vocal numbers in Miss Crawford's new all-talking vehicle "Untamed," which is being shown at Cole's theatre, Bellevue, for the week end. The first of these is "The Jungle Song," the other "That Wonderful Something Called Love."

Jackie Oakes, snappy Bearcats centre and admitted to be the smallest "big" man in senior hockey in Canada, tipped the scales at Edmonton at 114 pounds. And, really, every pound of that carries double weight.

I. L. Morgan, of the Crows' Nest Pass Motors, attended the Edmonton Blaimore hockey game at Calgary on Friday night, and continued on with the local boys to Trail on Monday.

Commenting on the game between the Blaimore Bearcats and the Calgary Bronks, the Alberta remarks: "The visitors had it over the locals like a tent in every department of the game. They skated faster, were better stick-handlers, and their shots were harder and more accurate. If there is anything else you can think of, they had that, too."

Prime Minister Squires, representing Newfoundland, and Hon. Dunning and Malcolm, representing Canada, have had a series of conferences at Ottawa, and according to a despatch from Ottawa have reached a satisfactory agreement that is hoped to promote trade between the two dominions and result in adjustment of the subsidy question of the Cabot Strait service. The basis of the agreement will not be made public until considered by the government executives of both countries.

The Department of the Interior has issued a new edition of a land map which shows at a glance the total number of quarter sections of Crown land still available in each township. The map also indicates Dominion

Canada and War

Canadians unquestionably are deeply interested in the Five Power naval party now in progress in London. They are really anxious that it should have a successful outcome, and that as a result there shall be not only further reduction in naval armaments, but a new and better understanding established between the great naval powers.

Canada, considering its size, geographical position, population and wealth, spends less on defence or preparation for war than any other country in the world. To all intents and purposes, Canada is and has been disarmed. If other nations maintained armies and navies proportionate to population and wealth reduced to the Canadian scale, the whole world could be said to be disarmed.

Yet Canada knows what war means. During the years 1914-1918, the people of this Dominion learned the bitter lesson of war's tragedies, each succeeding year, since 1918, has only served to emphasize that lesson. Canada paid in the loss of its young manhood, in its army of wounded, many maimed and crippled for life or permanently undermined in health. Canada paid then, in paying now, and will continue to pay for many years to come, in dollars and cents for the huge cost of war and war's destruction.

Even so, it is doubtful if the average Canadian realizes what war, even preparation for war, actually means to this old world. As already stated, Canada's annual expenditure for war purposes—that is, aside from the burden imposed by the Great War for which our people were in no sense responsible, but participation in which was a duty forced upon us—is slight, almost negligible, a very small percentage of our total annual expenditure as a nation. But this is not true of all other great nations, and most of the small and minor nations.

For example, the United States, removed from the dangers and complexities of European war and largely occupying a position of isolation, spends on its armament budget a larger sum annually than any other country in the world, although the percentage of its total income so expended is smaller than in other countries. And it is a startling fact that the amount so expended is increasing. In the four years before the Great War the average annual expenditure of the United States on armaments was \$490,000,000. Ten years later it had risen to \$570,000,000. If Canada followed the example of European nations, we, too, would be spending a crushing amount merely because our next door neighbor is doing so.

In 1913, before the war, Great Britain's armament expenditure was just under \$400,000,000. Last year it was \$575,000,000. Every one of the Great Powers, except Germany, which was compulsorily disarmed, is spending much more today on armaments than was spent before the Great War. And this despite the League of Nations, the Kellogg Peace Pact, and treaties obliging the nations not to engage in offensive warfare.

Great Britain spent \$50,000,000 on its part in the colossal tragedy of the Great War. It left Great Britain with a war debt of over \$35,000,000, 600. Interest on that sum calls for \$1,720,000,000 a year. For debt purposes alone Great Britain has to raise by taxation \$5,000,000 a day, or \$3,000 every minute. It takes the whole call of labor of 2,000,000 workers year in and year out to pay the annual cost of the debt burden. Add to this the \$375,000,000 spent annually on armaments, and \$280,000,000 for pensions, and a total of \$2,000,000,000, or \$3,500 a minute has to be raised by taxation, or three-quarters of the whole amount of all Government expenditures. Is it any wonder there is business depression and unemployment in the British Isles?

If the London Naval Conference is successful in part only, namely, the matter of what are termed "Capital" ships, the saving to three countries alone, Great Britain, United States and Japan, will amount to \$1,000,000,000, or twice the total annual expenditure of the Government of Canada for all purposes. Or put it another way, if Manitoba could take into the treasury of the Province the sum saved when construction of but one 10,000 ton cruiser is cancelled, not only would all Manitoba's bills be paid for an entire year, but a surplus of \$3,000,000 would remain on hand.

Apart from all humanitarian, Christian reasons for disarmament, the above figures indicate the economic dollars-and-cents aspect of this great problem.

Canada paid, and is paying for war; let us pay generously and ungrudgingly for peace by supporting the League of Nations with all our power. Every individual Canadian, man, woman and child, should be a peace advocate, an unqualified supporter of the League, and full Canadian participation in the League. They should unitedly pray for the success of the London conference.

How Lincoln Became Lawyer

Took Up Study After Defending Himself in Court Case

Abraham Lincoln's success in using the law in his own defense, was declared by Quin O'Brien, Chicago attorney, as the circumstance that decided Lincoln to become a lawyer.

O'Brien spoke at a Lincoln meeting. Recently found records were quoted by the speaker as revealing that Lincoln had been arrested for operating an unlicensed ferry boat on the Ohio River. Of necessity he interested himself in law to defeat the charge and later became a law student in earnest.

One of the best ways of preserving peace is to keep alive the memories of the Great War.

Asthma No Longer Dreaded. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it today and know for yourself.

Many a romance that begins beside a splashing waterfall ends over a leaky faucet.

May Use Pulverized Coal

B.C. Department of Mines Investigating Its Advantages

The British Columbia Department of Mines, fully aware of the difficulty which the coal industry has been facing, has been making investigations into the uses and advantages of pulverized coal, and has secured the assistance of the fuel research laboratory at Ottawa. In an address before the Vancouver Chamber of Mines, J. D. Galloway, provincial mineralogist, expressed the opinion that if pulverized coal were used properly there would be no excuse for the importation from California into British Columbia of a single barrel of fuel oil. British Columbia produced 2,313,900 tons of coal last year. Of this, about 140,000 tons were used in pulverized form in various industries. The Vancouver Province says it seems highly probable that if the uses and advantages of pulverized coal and the facilities for using it were brought more forcibly to the attention of the people of the province, a better day might dawn for one of British Columbia's important industries.

WAS RUN DOWN AND VERY WEAK

Too Little Blood The Trouble and Tonic Treatment—Restored Health

"I am writing to tell you," says Mrs. James A. Haugh, Bridgewater, N.S., "the great health benefit I received through the use of Dr. Williams' Pink Pills. I had become badly run down and very weak, and so that I could only with difficulty do my housework. I suffered from headaches, and had very little desire for meals. The trouble affected my nerves, and as a result I did not sleep well at night; I would often awake with a choking sensation and would have to sit up in bed. I was taking treatment, but it did not help me and I was losing courage when I saw an advertisement of a case which seemed much like my own, which has been relieved by the use of Dr. Williams' Pink Pills. I decided to give this medicine a trial and got two boxes. Before these were all gone there was an improvement in my appetite, which seemed a hopeful sign. I procured a further supply of the pills and found a steady improvement in my health. I could eat well, sleep soundly at night, and my housework was no longer a task beyond my strength. From my own experience I would advise weak, run-down people to give Dr. Williams' Pink Pills a fair trial, feeling that what they have done for me, they will just as readily do for other similar cases." "Dr. Williams' Pink Pills" are sold everywhere. Write for a free address to the Dr. Williams' Medicine Co., Brockville, Ont., a little book, "Build Up Your Blood," which will be mailed you prepaid. This little book contains many useful health hints. You can get these pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Radio Fans To Organize

Listeners-In To Form Organization For Self Protection

Leagues of radio fans are being formed in Canada, according to press reports, for the avowed purpose of insisting that the desires of "consumers" or listeners-in shall receive more consideration than is the case at present. Their protest is principally against the overwhelming volume of advertising that is a big part of the majority of radio programmes. These leagues or societies of radio fans are understood to favor the recommendations of the Radio Commission which recently suggested the nationalization of radio broadcasting in Canada, and the suggestion is to be considered by Parliament during the present session. The commission advises that all private stations be taken over by the Government and recommends the establishment of seven national broadcasting stations.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

World's Poultry Congress

At the World's Poultry Congress, to be held in the Crystal Palace, London, England, next July, Canada will be a conspicuous participant. The Canadian exhibit of live birds will total about 1,000. The last World's Poultry Congress was held in Ottawa, in 1927.

Internal parasites in the shape of worms in the stomach and bowels of children can sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.

"Scientists predict constipation may be made useful," says a headline. They've always seemed useful to us, holding up the corn.

Use Mince's in the Stable.

W. N. U. 1228

Social Hygiene Council To Meet

Next Annual Meeting To Be In Toronto, April 30 to May 2

The next annual meeting of the Canadian Social Hygiene Council will be held from April 30th to May 2nd, inclusive, in the Royal York Hotel, Toronto. Last year's, it will be remembered, was in Montreal, during the month of June, in conjunction with those of the Canadian Medical Association and the Canadian Public Health Association.

Since the programme is in process of preparation, it is not now possible to forecast it in detail. Certain arrangements have been made, however.

The reports and discussions will centre around three subjects: Health Insurance, Venereal Diseases, and Periodic Health Examination. It is expected that a good many national organizations will be represented at the meetings, since the Council is made up of representatives of existing national groups in addition to those of its own provincial and local branches. To date the following organizations have appointed representatives:

Canadian Association of Child Protection Officers.
Canadian Clubs.
Canadian Federation of Women's Law Leagues.
National Council of Women of Canada.
Royal Architectural Institute of Canada.

Canadian Medical Association.
United Farms of Canada.
National Council Young Men's Christian Association.

Canadian Association of the Young Women's Christian Association.
Canadian Manufacturers Association.

Trades and Labor Congress of Canada.
Knights of Columbus.

University of Montreal.
Canadian National Safety League.

Addresses on the various phases of health insurance will be given by Prof. McMillan, of the Minimum Wage Board, Mr. James Simpson, vice-president of the Dominion Trades and Labor Congress, Mr. H. W. Macdonnell, of the Canadian Manufacturers Association, and Dr. Harris McPherson, the last three giving, respectively, the attitudes of Labor, the Manufacturer and the Medical Profession.

Much enlightenment is expected on the question of venereal disease, when Dr. C. P. Fenwick, of Toronto, and Dr. A. M. Davidson, of Winnipeg, will detail the results of surveys made in their respective cities. A representative from Quebec will tell of the Venereal Disease programme of the Province of Quebec. Dr. E. J. Frow, of Halifax, in pregnancy, and Dr. C. H. Hair will make some observations on the control of these diseases.

Several speakers from various parts of the Dominion and the United States will talk about Periodic Health Examination. A very complete programme of discussion is being arranged, in connection with this important procedure which has the endorsement of the medical profession, department of health, and the life insurance companies as a most outstanding means of life and health conservation. Dr. J. W. Fraser, of Kitchener, who has had much valuable experience with periodic examination of pre-school age children, will give a paper on this subject.

Persian Balm—the perfect aid to beauty. Essential to real feminine distinction. Results always in the highest expression of beauty. Its use keeps the hands always soft and flawlessly white. Indispensable to the whole family. Imparts added charm to the mother. Serves the father as a hair fixative and cooling shaving lotion, and protects the tender skin of the child. Persian Balm is the true toilet requisite.

Aerial Passage Over the Rockies

Air Routes Must Be Surveyed Before Coast To Coast Air Service Is Inaugurated

A dozen recorded aerial passages of the Rockies emphasizes the need of a government survey of air routes in British Columbia. The Canadian transcontinental air mail is to go into operation this year, but it will only be "transcontinental" as an aspiration and a possibility. It will begin at Quebec, or perhaps, in the summer months, on the Maritimes coast. It will make the head of the Great Lakes by daylight flying, cover the thousand miles of the prairies in the night, and end at Calgary. Until a proper survey has been made of air routes in British Columbia, we shall have no thirty-six-hour mail service from Vancouver to Montreal, and the coast-to-coast air mail will still be "unfurnished business." — Vancouver Province.

Miner's Will Kill Corns

An educated man is one who knows whether the Chinese are fighting again or yet.

Miner's Will Kill Corns.

If Baby has COLIC

A cry in the night may be the first warning that Baby has colic. No cause for alarm if Castoria is handy! This pure vegetable preparation brings quick comfort, and can never do the slightest harm. Always keep a bottle in the house. It is the safe and sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny-tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it suitable for the tiniest infant, and for frequent use. And a more reliable dose of Castoria is always better for growing children than some needlessly strong medicine meant only for adult use. Genuine Castoria always has Chas. H. Fletcher's signature on the wrapper. Prescribed by doctors!

Two Valuable Recipes

CREAM RICE PUDDING

- 4 tablespoons rice.
- 1 cup sugar.
- 1 teaspoon salt.
- 2½ cups Borden's St. Charles Milk.
- 1½ cups water.
- 1½ cups butter.

Wash the rice thoroughly, then add with the sugar and salt to the milk. Diluted with water. Pour into a buttered baking dish and add a sprinkling of nutmeg. Set the dish in a pan of hot water and bake three hours in a slow oven (300 degrees Fahrenheit), stirring several times the first hour to prevent the rice from setting to the bottom. Serve hot or cold.

CREAM OF TOMATO SOUP

- 2½ cups canned or fresh cooked tomatoes.
- ¾ small onion, sliced.
- 1 stalk celery, minced.
- 1 tablespoon minced parsley.
- ½ bay leaf.
- 2 whole cloves.
- 1 teaspoon salt.
- 1 teaspoon pepper.
- 1 teaspoon sugar.
- 1½ cups water.
- 2 tablespoons flour.
- 1½ cups Borden's St. Charles Milk.

Add seasoning to tomatoes and simmer fifteen minutes, strain. Melt butter in saucepan, stir in flour. Dilute milk with water, pour slowly into butter and flour, stirring until it thickens. Continue to cook five minutes. Just before serving, add soda to tomatoes, gradually add tomatoes to white sauce, stirring constantly, serve immediately. All or any of the vegetable seasonings may be omitted, but their addition gives a smooth, well-blended flavor to the soup.

"Where did Brown get all his money?"

"In the hold-up business."

"Never!"

"Yes. He manufactures garters."

"Is your wife having any success in learning to drive the car?"

"Well the road is beginning to turn when she does."

Boys' Colt Competition

Great Interest Shown In Competition In Connection With Manitoba Winter Fair

The growth of the Boys' Colt Competition of the Manitoba Winter Fair gives indication that the affair will soon rank with the boys and girls fairs as a leading feature of the exhibition. On account of the rapid strides made the Federal Department of Agriculture announces that an extra \$400 will be added to the \$500 already in effect for prizes.

For Rheumatic Pains—The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Electric Oil. The soothing and healing properties of this famous remedy have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises and sprains, either in human beings or the lower animals.

Cannot Help Progress
Canada's programme may be slowed up by market crashes and wheat tie-ups, but it cannot be halted. The twentieth century is Canada's. Occasionally her people in their enthusiasm go a bit too far. Then they must slow down to catch their breath. That's what is happening at the present time.—Toronto Telegram.

Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude herbs. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in excess acid. It restores the stomach, with no bad after-effects. Once you learn this fact you will never deal with excess acid in the crude ways. 24 years—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acid. Each bottle contains full directions—any druggist.

Foods Stay Fresh Longer This Way

Covered with Para-Sani Heavy Waxed Paper goods that usually stale in a day or so stay fresh for quite a long time. Try it. Get Para-Sani in the handy, sanitary, half-edged carton at grocer, druggist or stationer. For less exacting use get "Centre-Pull" Packs in sheet form.

Appleford Paper Products
HAMILTON ONTARIO

Western Representatives:
HUNTER-MARTIN & CO., REGINA, SASK.

HAVE REACHED A SETTLEMENT ON RESOURCES

Ottawa.—When the representatives of the Saskatchewan and Dominion governments walked out of the conference room in the Houses of Parliament recently, the natural resources question—a question which has bedevilled political life in Canada for 50 years—had ceased to exist. Three months ago the natural resources questions affecting Manitoba and Alberta were solved.

Three weeks ago the question affecting British Columbia was finally disposed of. The Saskatchewan delegation took the train for Regina with a complete and permanent settlement agreed to.

The Saskatchewan resources question, although it has been decided, is not yet the subject of a signed agreement. But the agreement has been assented to verbally, by both parties, and only awaits the framing of a reference to the Supreme Court of Canada in order to be completed. When that has been achieved, the representatives of the two governments will sign it and the words natural resources in the sense of a provincial grievance will disappear from the lexicon of politicians.

When Premier Anderson left the conference room, he made the following statement:

"After conferences covering several hours, the government of Saskatchewan has received a satisfactory agreement from the Federal Government in relation to its natural resources. The legal representatives of the province and Dominion will meet within the next 10 days and decide upon what questions will be placed before the Supreme Court, and, if necessary, the Privy Council.

"The agreement will not be finally signed until these questions are agreed upon. The conferences were carried on in friendly fashion and the Saskatchewan delegation is leaving for the west with a feeling of satisfaction that this vexed provincial question is now on the way to an ultimate solution."

Premier Mackenzie King, in discussing the conference, said:

"The four western provinces now have their resources. The Maritime Provinces have had their difficulties adjusted. The whole country has had its problems aired and attention given to them.

"As for the Saskatchewan conference, Premier Anderson is well pleased with the decisions reached, and, for my part, I am gratified with the result.

"The agreement arrived at with Saskatchewan may be outlined, unofficially, as follows:

1. Saskatchewan will receive the unalienated resources immediately.

2. The subsidy in lieu of resources will be continued with statutory increases, in perpetuity.

3. There will be a reference to the Supreme Court of Canada to discover whether or not the Saskatchewan act of 1905 and the Dominion Lands act of 1872 are in force within the power of the Dominion parliament to enact. (No doubt the decision of the Supreme Court will be appealed to the Privy Council regardless of which way the decision may go.)

4. A Royal Commission of three members will be appointed to discover what further amounts of money, if any, the province of Saskatchewan may be entitled to receive in order to be placed upon a footing of equality with the other provinces.

High Cost Of Burial

Funeral and Undertaking Charges To Be Investigated By Alberta Government

Edmonton.—Funeral cost and undertaking charges in general will be investigated by the Alberta Government as a result of a motion adopted unanimously by the House and introduced by W. W. Frey, Liberal, Edmonton, reading as follows:

"That in the opinion of this assembly the government should give early consideration to the whole subject of undertaking and particularly to the prevailing charges and costs thereof and if necessary to introduce legislation regarding the same."

Makes Altitude Record

New York, N.Y.—Driving his twin motorized Sikorsky to an apparent altitude of 10,000 feet, Capt. Boris Sergievsky, late of the Imperial Russian Air Corps, brought back to his adopted country the altitude record for seaplanes carrying a useful load of 3,000 kilograms (4,400 lb.). The old record, held by France, was 15,837 feet.

W. N. U. 1928

Mounties Find Body Of German Scientist

Mystery Surrounding Disappearance Of Dr. Kurt Faber Is Solved

Edmonton.—Believed to have fallen victim to a northland blizzard and his body torn and disfigured by wolves, the remains of Dr. Kurt Faber, noted German journalist and scientist of Berlin, was found Saturday, March 1, by a Royal Canadian Mounted Police patrol, 15 miles above Lower Hay River post in the Northwest Territories, according to information reaching here.

Only the most meagre details were contained in a brief wire received at R.C.M.P. headquarters, which told of the finding of the body of the missing northern traveller, who left Edmonton in September of last year, intending to proceed from Peace River to Fort Vermilion, down Hay River to the lower post on Great Slave Lake and then continuing to Fort Resolution and Fort Smith to Fort McMurray. The greater part of the journey was to have been made on foot.

Enquiries have been broadcast throughout the north for any information as to Faber's whereabouts since last December at which time Dr. K. M. Martin, mayor of Winnipeg, had been asked to notify him of the death of his mother in Berlin. Since January both Alberta Provincial and Royal Canadian Mounted Police patrols have been on the lookout for the body.

Dr. Faber was a free lance correspondent for the well known Scherl syndicate of German newspapers and had travelled in many parts of the globe in his profession.

Air Mail Benefits Coast

Eastern Cities Are Brought Two Days Closer Through Prairie Service

Vancouver, B.C.—Vancouver, once an outpost and even yet a little isolated from the East by the height of mountains, was brought 24 hours closer to the prairie, and 48 hours closer to Atlantic cities, with the arrival of the first all-Canadian air mail from Winnipeg.

Several thousand letters, posted in Winnipeg, Monday night, were carried as far as Calgary by aeroplane, and arrived here by train at 9:30 o'clock on Wednesday. They were being delivered to city residents an hour and a half later.

With this new service, a whole day is lost from the communication time to prairie cities lying east of Moose Jaw, and two whole days to Hamilton, Toronto, Halifax and various nearby United States and Canadian cities.

Equal Franchise Bill Rejected

Quebec Legislative Assembly Opposed To Vote For Women

Quebec.—By a vote of 44 to 24 the legislative assembly defeated the measure introduced by Irene Vauvrie, Liberal, St. James, to give women the right to vote in provincial elections.

While the vote was adverse to the feminine cause, adherents were gained, and in speeches made by Hon. A. R. McMaster, provincial secretary, it was laid down with emphasis that sooner or later the cause of women would win. The vote was not a party one, the cabinet splitting. Premier Taschereau voted against the bill.

Fourteen Killed By Landslide

Rock Crashes Down Cliff On Day Carnival Crowd

Funchal, Madeira.—Sweeping down from a high rock hanging over the sea, a great landslide killed at least 14 persons, including several children. Directly underneath the cliff a carnival was in progress.

Scores of children were playing on the beach when the tons of rock slid down the cliff with a terrific roar and crashed upon the beach in the sea. The scene of gaily quickly gave place to cries of mothers who fainted as the bodies were brought out of the earth and rocks.

Will Resume Hunt

London, England.—Prince of Wales has recovered so rapidly from his sub-terrestrial malaria, that he will resume his hunting immediately. A despatch to The Daily Mail from Nairobi, Kenya colony, said he probably would go to Entebbe, Uganda, on Lake Victoria, and use a lake steamer as a base for his expedition. No more bulletins on the prince's condition will be issued at Nairobi.

Death Of Viscount Gladstone

London, England.—The Rt. Hon. Viscount Herbert John Gladstone, youngest son of William E. Gladstone, of Victoria, died at his home in London, which began with an attack of bronchitis in January. He was in his 70th year.

Prison Keeper Killed

Official Of Auburn Prison Stabbed To Death By Inmate

Auburn, N.Y.—Edward L. Beckwith, prison principal keeper, was stabbed to death in the mess hall of the institution by Anthony Mortello, an inmate, and became the third in succession in that office to lose his life at the hands of a convict.

The news of the fatal stabbing came at the height of the trial of Max Becker, gunman and gangster of Brooklyn, and a convict, charged with the murder of the man Beckwith succeeded — George A. Durnford, Supreme Court Justice Benjamin B. Cunningham immediately recessed court.

Durnford was killed in the second prison riot at Auburn within five months in 1927, that of December 11. About two years ago James B. Burman, whose place Durnford took, was cut down by a stabber. The stabber was seized.

Beckwith was stabbed near the heart. Troopers said there was excitement but no disorder in the hall. Many of the convicts jumped to their feet to see what was happening, but sat down immediately at order from their guards.

Beckwith was born in Canada on November 14, 1874, but the city of his birth was not known at the prison. His wife, critically ill at her home here, was informed that her husband had been killed.

NEW HOPE FOR THE CAUSE OF DISARMAMENT

London, England.—New hope for the cause of disarmament at a time when criticisms of the London naval conference are growing because of delays, was contained in a statement issued by Colonel Henry L. Stimson.

The informal statement by the head of the American delegation declared that not only naval limitation but a reduction of at least 220,000 tons in the United States fleet, and an even greater cut in the British fleet could be achieved at the London conference.

The statement issued in response to many appeals from the United States as to what the conference is doing follows:

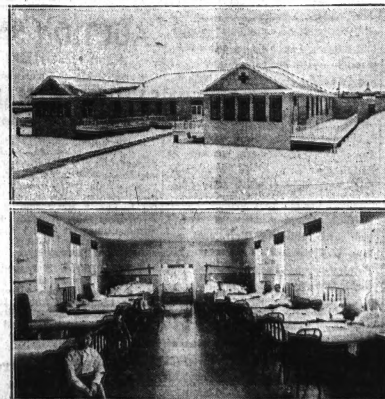

"There seems to be an impression that the work of the American delegation at this conference is likely to result in an increase instead of a reduction in tonnage of the navies of the world.

"The surest way to answer that is to give such results as seem to be within reach up to date. A plan which in its essentials appears to be acceptable to America and Great Britain provides for net reduction in tonnage of the American fleet in capital ships, cruisers, destroyers and submarines—built, building or appropriated for—of over 200,000 tons and an even larger reduction on the part of the British fleet.

"If vessels authorized but not commenced were concluded in existing fleets, the amount of reduction would be much greater. Of course, such reductions are contingent upon some reduction being made in the fleets of other powers."

The Stimson statement came unexpectedly at the close of a day of meetings and conferences, from which came only the same reports of uncertain progress that have featured proceedings since the French political crisis arose.

NEW RED CROSS HOSPITAL AT EDMONTON

For the second time in a few months we are able to print pictures of a new Junior Red Cross Crippled Children's Hospital in Alberta. Above is shown the exterior and one of the wards in the new hospital at Edmonton, opened in January. It has a capacity of 85 beds.

GENTLEMAN USHER

Major Drew Thompson, who is a gentleman usher of the black rod, a rank in the Federal House of Parliament, at Ottawa, corresponding to sergeant-at-arms in the provincial legislature.

Promise Highway To Saskatchewan Border

Road From The Pas Is, However, Subject To Conditions

The Pas, Man.—Citizens of The Pas have been definitely promised a highway from here to the Manitoba-Saskatchewan border if the Saskatchewan Government would build a road to connect with the proposed highway from Hudson Bay Junction, north of Prince Albert, Sask. Premier John Bracken, of Manitoba, told a meeting of the citizens that a road from The Pas to the border would be built under this stipulation.

The Premier said his government was now engaged in completing its program of main trunk road extensions, and nothing would be added until that program was completed. He added, however, that in the next road program the road from The Pas to the Saskatchewan border would be the first construction undertaken.

Premier Bracken indicated that the Manitoba Legislature would shortly pass a resolution urging construction of the Mafeking railway cutoff. He hoped this would receive favorable consideration from the Canadian National Railways.

In concluding the Premier intimated that the support of his government would be extended to the Imperial government if it displayed interest in the reclamation of the Carrot River triangle as an area for settlement of British agriculturists.

Ex-Service Men Represented

Eleven War Veterans On Committee Probing Soldiers' Problems

Ottawa, Ont.—In the composition of the special parliamentary committee on pensions and returned soldiers' problems, the prime minister has carried out his promise to have that body so constituted that ex-service men of all parties would have adequate representation. Of the 19 members of the committee, 11 are war veterans, of whom six are Conservatives and five are Liberals, and of the remainder, several had sons who were overseas.

Air Mail Popular

Ottawa.—Total of 430,635 pounds of mail was carried over Canada's 20 air mail routes during 1927 at a cost to the country of \$474,071. Heaviest route was between Narrows Lake and Sioux Lookout, Ont., where 85,406 pounds were carried.

Immigration Policy Changes

Federal Deputy Minister To Interview Provincial Governments

Winnipeg, Man.—Changes in the Immigration policy of Canada decided upon by the Dominion cabinet, were laid before Hon. Albert Prestantone, Minister of Agriculture, and Hon. R. A. Hoey, Minister of Education and acting premier, by W. J. Egan, Federal Deputy Minister of Immigration.

Following the conference the two Manitoba officials made a formal statement in which they declared that "they are glad to advise that the general policy laid down in connection with provincial co-operation is, in their opinion, workable but they are not prepared to discuss details until they have a further conference towards the end of the month."

Mr. Egan said that he had nothing to say about the Dominion government plans. He would interview every provincial government from coast to coast, he declared, before any official announcement would be made.

Questioned about the term "general policy," Mr. Prestantone replied that the present plans outlined by the Federal Government. The Minister of Immigration, he said, had made tentative arrangements which would be subject to change.

Brydges Wins Dog Derby

Finished Race Twelve Minutes Ahead Of St. Godard

The Pas, Man.—Battling obstacles which for the past few years have threatened him in his efforts to win major dog races, Earl Brydges, 22-year-old Northern Manitoba mumber, has captured his first 200-mile Dog sled derby.

Earl St. Godard, the champion and favorite, finished twelve minutes behind Brydges. Brydges crossed the finish line at the north end of the town here at 12:19 o'clock to the cheers of hundreds of spectators.

He was carrying one dog of his nine team, the sleigh, Earl's team, visibly tired, finished at 12:31 o'clock, he was carrying three dogs on his sled, but Toby, the famous leader, was still in the key position at the last.

In capturing the derby Brydges wins the first prize of \$1,200, cash as well as the Grant Rice-Walter Gosh trophy.

TARDIEU CABINET EMERGES WITH GOOD MAJORITY

Paris.—Andre Tardieu's second cabinet can be regarded as the Chamber of Deputies, and, although roundly thumped by the parties of the Left, it emerged with a favorable majority of 53. The rectified ballot was announced as 318 to 263.

The appearance of the second Tardieu cabinet before the chamber with its ministerial declaration was the signal for one of the bitterest parliamentary battles the chamber has ever witnessed, the sessions being suspended at one point.

The premier's declaration was interrupted by a tumult from the Socialist and Radical benches.

The opposition, smarting under its failure to regain power with the Chateaufort cabinet, taunted the deputies on the left who had accepted portfolios in the new ministry, and drowned the premier's voice.

Tardieu merely smiled at the demonstration and finished his declaration.

The winning margin of confidence was almost twice as great as political forecasters had been ready to grant the cabinet in advance of the voting. Most of them agreed that a margin of 30 votes would be a sign of strength for Tardieu, and as the bitter debate on the ministerial declaration of policy progressed, some of the prognosticators began to believe that the cabinet would be lucky to win at all.

As a consequence the government will go back to the London naval conference and will face the chamber on the question of ratifying the Young plan, revising taxes and passing a budget with enhanced prestige.

The new naval conference convoked by Premier Tardieu, Aristide Briand, foreign minister, J. L. Dumesnil, minister of marine, Francois Pietri, minister of colonies, Ambassador De Fleurbaey and Senator Gustave De Kerguelen. Of these Tardieu, Briand, Pietri and De Fleurbaey were members of the original delegation.

The naval conference has been proceeding without the French officially represented, but its progress has necessarily been slow, and the reappearance of the French will be the signal for resuming the negotiations at full speed.

BRITISH NAVAL ESTIMATES ARE PARED DOWN

London.—British naval estimates for 1930, made public recently, show a net total of £51,738,000 against £55,865,000 for 1929, or a reduction of £4,126,000.

Rt. Hon. A. V. Alexander, First Lord of the Admiralty, in a statement accompanying the estimates said the substantial decrease was due principally to reductions which the government felt justified in making in the shipbuilding program of 1929 and 1930, in accordance with a policy already stated in Parliament—that is, trimming of naval building to meet decreased needs produced by the Briand-Kellogg pact and other peace instruments.

He summarized the reductions as follows: Five vessels of the 1928 program have been cancelled, namely, two cruisers of the 10,000 ton type with 8-inch guns, two submarines and one submarine depot ship.

Twelve vessels of the program of 1929 have been cancelled, namely, two cruisers, four torpedo-boat destroyers, three submarines, two sloops and one net-layer and target-towing vessel. One of the cruisers cancelled is of the 10,000 ton type with 8-inch guns.

He said that in addition decision whether the three remaining submarines of the 1929 program are to be proceeded with has been deferred until after the London naval conference.

Mr. Alexander declared that the effect of changes in the full programs for the preceding ten years is "to reduce expenditure of new construction in these estimates by over £4,000,001."

With regard to future ship building, he said the government had decided not to formulate any proposals until the results of the naval conference had become known and had been fully considered. "No provision," he said, "therefore is included in these estimates for commencing any further new construction in 1930."

Inventors Not Protected

No Reward For The Agricultural Inventor, Says World Wheat Champion

Saskatoon.—Pointing out that there was no reward for the agricultural inventor, that he could not patent his invention, Major H. G. L. Strange, of Fenn, Alberta, world's wheat champion in 1923, in an interview here, gave it as his firm opinion "that the development of new crops, kinds and varieties in agriculture and horticulture is decidedly being held back because of this lack of protection to the agricultural inventor."

"Only those who are attempting this thing," he said, "who are fortunate enough to possess the unusual combination of, spare capital, spare time and a fervent desire to serve. This combination is, to say the least, possessed by but few individuals."

Major Strange is past president of the Canadian Seed Growers' Association.

Breaks International Law

Peking, China.—Contrary to international law, Germany is reported to have shipped large quantities of poison gas to China for use by forces of President Chiang Kai-Shek. Chinese Chamber of Commerce has protested to the German consul-general at Shanghai.

Will Help Canada's Trade

Tokyo.—Before leaving for Canada on a six months tour, A. Brostoff, Oriental traffic manager of the Canadian National Railways, expressed the opinion that recent strides made in Japanese shipping and port facilities would have a good effect on Canada's trade with Japan.

Morphine Seized At New York

New York, N.Y.—Morphine valued at about \$500,000 was seized on pier 57, North River, leased by the French line, in two large trunks apparently owned by a first-class passenger on the "Le De France," who had left the vessel a few minutes before it was loaded.

Report Is Denied

Ottawa.—Reports that a large number of Mennonites had been entering Canada recently were brought to the attention of the House of Commons by Hon. R. J. Manion, (Cons., Fort William) and denied by Hon. Charles Stewart, acting minister of immigration.

Doukhobors Released

New Westminster, B.C.—One hundred Doukhobor prisoners, men and women released from Oakalla jail following completion of six-month sentence they had served for having staged a nude parade on the provincial highway near South Slokan last August.

Local and General Items

Watch for the Free-Pant Men on March 15, 17, 18—at F. M. THOMPSON CO.

What we dread to think of is the day when Woolworths start selling five and ten-cent cigars.

Redistribution has merged four Alberta constituencies into two, namely: Okotoks and High River, Claresholm and Nanton.

The Blairmore hockey boys had the pleasure of meeting with Andy Hnatyshyn in Edmonton. Andy is employed at Luscar and came down to see the game.

Herman Revinsky paid the penalty on the gallows at Regina on Tuesday morning for the murder of David Katz, a Toronto dry goods traveller, on November the 15th last.

Last night's stars—Nine young men—six dashing forwards, two steady defence men, and a brilliant net-minder—and they all play for Blairmore, and how?—Calgary Albertan.

TEA AND SALE OF HOME COOKING—A tea and sale of home cooking, etc., will be held in the Lodge Hall on the afternoon of Saturday, March 15th, under the auspices of Crowview Rebekah Lodge. [127-3]

There is no unemployment in Newfoundland, according to Premier Sir Richard Squires. France is the only other country in the world which is not cursed with this blight of modern industrialism.

Blairmore has a team of home brews that is a credit to that town, as well as the province. They form the fastest skating sextette that has performed at the arena in years.—Calgary Albertan.

The usual Easter tea and sale of home cooking and fancy work, under the auspices of the Ladies' Aid of the Blairmore United church, will be held on Thursday, April 17th. Kiddies, don't forget the fish pond. Watch for further announcement.

The latest colors of women's dresses are named after bridge terms. "Slam" is a warm shade of beige; "Hoyle" is a rich golden tan; "Contract" is a bright henna color; "Fin" is a light dahlia shade; "Game" is a greenish blue that flatters both blondes and brunettes.

Manager Scott first came to Calgary in the capacity of a hockey manager in charge of the Fernie ladies team 10 years ago. During the past four years he has had fine success with Blairmore, winning the junior championship of Alberta in 1926-27 and 1927-28, and the intermediate title in 1928.—Calgary Albertan.

Talk about your sheiks! We saw one parading Eighth Avenue in Calgary on Saturday, wearing a "crispy-stiff" and neat hanging coat, with a stiff white collar standing so high that holes had been cut on either side, through which his ears might be of use. The lad had extreme difficulty in turning corners and avoiding clashes with other pedestrians.

The sessions of the Alberta Grand Temple, Pythian Sisters, conclude at Lethbridge today. In attendance from this district were, Mrs. Glendinning, grand chief, Coleman; Mrs. K. Gray, grand mistress of records and correspondence, Blairmore; and Mrs. W. Hutchison, of Hillcrest. The Pythian Grand Lodge sessions also conclude today.

The Dumbells Co., Ltd., theatrical players, who recently closed after three weeks at the Victoria theatre, Toronto, due to lack of patronage, have made a voluntary assignment for the benefit of creditors. Liabilities, which include transportation, salaries, advertising, etc., are given as about \$15,000. Assets, cash in bank and theatrical equipment, are valued at about \$3,000.

Australian mutton is being sold in Alberta.

The road over the summit at Crews' Nest is now open to traffic.

Remember the Rebekahs' tea and sale in the Lodge Hall on Saturday afternoon.

Be sure you see the entertainment at the Opera House on March 17th at 8 p.m. The best yet!

It is estimated that the deer bot-fly can travel 816 miles an hour—almost the speed of a rifle bullet.

"King" Kelly is that class of a referee that even a heavy body check fails to move him far enough.

Ratepayers of Macleod voted unanimously in support of the town council's proposal to erect a closed-in municipal rink.

William Howard Taft, one-time president of the United States, and ex-chief justice, died on Saturday, aged 73.

Sam McDowell attended the fifth annual get-together banquet of the Alberta Government Telephone employees at Lethbridge last week.

The postmaster-general of England has announced the opening of telephone service between ships in mid-Atlantic and telephone subscribers in Britain.

Sunday last was really our first Spring's day, and hundreds of people availed of the opportunity to get out in the beautiful sunshine and balmy atmosphere.

A group of educators, sociologists and jurists have banded at Los Angeles to form the Institute of Family Relations, in the hope of righting many matrimonial tangles.

Port Arthur's senior hockey team, won the Thunder Bay title for another season and qualified to enter the Allan Cup playdowns by defeating Port Francis Tigers 3 to 0 on Friday night.

Capt. Archie McLeod, of the Gloucester fishing schooner Catherine, returning to Boston from a successful halibut fishing trip, reports that the earthquake of last November had not affected fishing on the Grand Banks of Newfoundland.

That little town in the Crows' Nest Pass, which has turned out many brilliant hockey players in the past, has a team this year that can compare favorably, yes, very favorably with any of its predecessors.—Calgary Albertan.

It's rather tough to see the Bronks pass out of the picture in such a decisive manner, but while it was gloomy for their supporters it was equally as joyful for the admirers of the Blairmore team.—Calgary Albertan.

People are
of Two Sorts

—Peace-makers, trouble-makers

So are foods. Some irritate and inflame the digestive tract. Others bring peace, harmony, contentment.

MOTHER'S BREAD

is the great tranquillizer. It soothes and nourishes. Why? Because it is nature's complete ration, representing all food and no waste. Build your meals upon it.
